SPARES PRIVATE LIMITED

Shashi Dhawal Hydraulic Pvt Ltd & Shashi Dhar Spares Pvt Ltd, under the umbrella of SRP Group of Companies have been in the field of hydraulics for over 30 years. With our collective wealth of experience & knowledge, we can be your one stop shop for all your hydraulic needs. We have offices all over India and hold large stocks to cover any type of application

Hydraulic Services

- **Design & Customized solutions for Special applications:** Very often, customers require solutions that aren't "off the shelf". We offer services to meet a wide range of customer needs.
- **Maintenance Service:** Whether you need product maintenance, AMC {Annual Maintenance Contract}, conversion or an entirely new custom-designed system, we have the capabilities to meet your requirements.

- **Repair and rebuild:** Frequently, it is more cost effective to repair or rebuild parts than to purchase new ones. From basic cleaning and minor repair to full rebuild, we offer multiple levels of repair services.

We have identified these major cost-saving categories for our value added services:

- Increased productivity/uptime/energy savings
- Reduction of maintenance costs / Technical support/training

Hydraulic Training

We offer several certified Hydraulic Training Courses for:

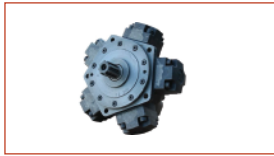

- Industrial Maintenance Technicians
- System Operators
- System Installers

And many others to ensure that learners gain hands-on practice which improves confidence and competency when performing tasks. Our training methodology builds up both theoretical knowledge of hydraulics, as well as hands-on skills by integrating key concepts with hands-on practice. The training helps maintenance technicians apply procedures that will allow equipment to operate to its full potential and life cycle. Our training courses are flexible and accommodative of our client's plant specific training requirements. Our training course fee is attractive and is well thought of with the core objective to go the extra mile along with our valued customers to benefit them.
